Did You Know?

The first person convicted of speeding was going eight mph: According to Guinness World Records, the first person to be charged with speeding was Walter Arnold of the English village of Paddock Wood, Kent. On Jan. 28, 1896, Arnold was spotted going four times the speed limit in his 19th-century Benz—but since the speed limit at the time was just two miles per hour, that meant he was not going too fast by today's standards. The constable had to chase him down on his bicycle, issuing a ticket for £4 7s and earning Arnold the speedy distinction.

Motivation Of The Month

"Successful people do what unsuccessful people are not willing to do. Don't wish it were easier; wish you were better."

"Stop chasing the money and start chasing the passion."

"The way to get started is to quit talking and begin doing."

"There are no secrets to success. It is the result of preparation, hard work, and learning from failure."

Your Monthly Horoscope

Aries (March 21 - April 19)

Work on letting go of your need for approval from others,
because Mars will join forces with Saturn in Aquarius and
intensify the tension in your social circle.

Taurus (April 20 - May 20)

"Love yourself and the rest will follow." If you feel like
adopting a motto this spring, I strongly recommend this
one. Not only will it give you wings but it will also give your best
friends and confidants a break from the ego-boosting sessions
they've been giving you. It's a win-win for everyone—especially
you!

Gemini (May 21 - June 20)

You're embracing your ability to be a leader this month,
Gemini. This month begins with an opportunity to expand
your outreach and network with meaning.

Cancer (June 21 - July 22)

You're gearing up for some *major* career success. Stay
tuned, because there's a good chance you're *finally*
being recognized for all your hard work!

Leo (July 23 - August 22)

Get ready to explore the great beyond and embrace
liberation, because your April horoscope begins with an
opportunity to embark on an adventure.

Virgo (August 23 - September 22)

This month, you may receive a helping hand that changes
everything. As Jupiter joins forces with Neptune in Pisces,
it will open your heart to the love, loyalty and commitment you
seek.

Libra (September 23 - October 22)

You're in for an amazing April, but by the end of the month
you may be tackling some heavy emotions. A solar eclipse
in Taurus will smolder in your eighth house of transformation on
April 30, bringing your demons to the surface.

Scorpio (October 23 - November 21)

You're in for a ridiculously awesome month, Scorpio.
However, your April begins on a more serious and sobering
note.

Sagittarius (November 22 - December 21)

You're in an enviable position, Sag. Your April horoscope
starts with a new moon in Aries on April 1 that will send
fireworks to your fifth house of fun and romance.

Capricorn (December 22 - January 19)

This month brings a solar eclipse in Taurus that galvanizes
you to embrace a major shift to your day-to-day life.

Aquarius (January 20 - February 18)

You're making money moves this month, and no one can
hold you back. Decide for yourself what you value and
ignore the naysayers.

Pisces (February 19 - March 20)

The month begins with you buckling down to take care of
business. Luckily, your horoscope gets *way* more
interesting, so stay tuned for something beautiful.
