## Everyone's Talking

**Faking it:** A Chinese art student graduated from Central Academy of Fine Arts in Beijing after completing an interesting, although controversial, three-week-long experiment on capitalism and consumerism. Zou Yaqi figured out how to live for free in Beijing, and she did it by disguising herself as a rich socialite. By doing so, she managed to sleep on comfy couches in an airport VIP lounge, eat at free buffets, and use saunas and steam rooms at fancy hotels. When she was criticized for abusing the system, she stood her ground, emphasizing that her actions had nothing but artistic intent. After graduation, she landed a job with an art agency, and is planning more socially engaged art.

**Lifesaver:** Who says dogs don't have a sixth sense? A couple from Glastonbury, Connecticut (U.S.), absolutely believe that they do. Jeff and Kelly Dowling have a Boston terrier named Henry who alerted Kelly to the fact their baby girl was in distress in her crib. The baby had a cold, which didn't seem too serious, but Henry kept butting at the nursery door with his head. Kelly ignored the behaviour at first, but then the baby woke up and her cry was unusual. Her mom saw that she was badly congested and struggling to breathe. The baby was treated at the hospital and is now fine. The Dowlings credit Henry with saving their child's life.

## Did You Know?

**Refrigerated rubber bands last longer.....**  
When a rubber band is placed inside the fridge, the polymers in the band will become more relaxed. However, when the rubber bands are exposed to warmer conditions, the polymers in the band will tighten and cause it to break more easily.

## Riddles

1. Why would a man living in New York not be buried in Chicago?
2. What begins with T ends with T and has T in it?
3. How many letters are there in the English alphabet?
4. Which month has 28 days?
5. Three men were in a boat. It capsized, but only two got their hair wet. Why?

## Your Monthly Horoscope

**Aries (March 21 - April 19)**  
In January there will be no time to relax and rocking in the clouds. You have to start working hard from the beginning of the month. Start more realistically assess what is happening in your immediate environment and draw conclusions that will be a recipe for the future - especially in professional matters.

**Taurus (April 20 - May 20)**  
In January await you with exceptionally nice festivities, especially that some of them will be extremely romantic. It can be a wedding, wedding anniversary or other such a big event. It is also quite probable that it is for you that church bells will be killed or for a person who is very close to your heart.

**Gemini (May 21 - June 20)**  
In January, a dormant desire to travel, explore, widen horizons and take life what is the most precious will come to the fore. To feel better, decide for a short, several-day trip, but at the beginning of the month. You will see that it will do you good.

**Cancer (June 21 - July 22)**  
You will spend a significant part of your free time on matters related to the new, very important project that you are going to take care of. Do not pay attention to people who will try their best to do everything to thwart your plans. A good streak will accompany you in cash lotteries, so play - only then will you have the chance to win.

**Leo (July 23 - August 22)**  
Changes regarding your professional life are waiting for you. You will be surprised, because your career will start to gain momentum. It would not have happened if it was not for the help of a high-ranking influential person or one of the parents. January - the ambition is your characteristic.

**Virgo (August 23 - September 22)**  
January will be a month for you that confirms that work and effort pays off. You will be convinced that what you have done so far has not been in vain. Daily duties, sometimes getting into routine, will make your life stable. In this way, you will build strong foundations that will bring good prospects.

**Libra (September 23 - October 22)**  
There will be a good streak for professional matters. This month brings many possibilities. Many ideas that have so far been circulating in your head now have a chance to turn into reality. But be careful - do not make promises and commitments without coverage.

**Scorpio (October 23 - November 21)**  
In matters related to investments, finances, applying for promotion or an increase, it is recommended to slow down the pace. In January pay more attention to your family, because it should be the most important thing for you, especially when it's not going well.

**Sagittarius (November 22 - December 21)**  
In January your personal situation will get a bit complicated and confusion will arise within the changes that have accompanied you in recent days. Even the specter of cheating in a certain case will come to your mind, but be alert - your opponents aren't sleeping.

**Capricorn (December 22 - January 19)**  
In January there will be an opportunity for you to increase your personal property. In addition, you will start to plan your renovation and improve your material security. But remember that your action would not be hasty.

**Aquarius (January 20 - February 18)**  
Make sure that January is a month spent with your family. Get rid of anger and negative feelings. Provide both yourself and your loved ones with a pleasant and friendly atmosphere, so that all who are in your company feel comfortable and at ease. In the first days of the month, get ready for trips.

**Pisces (February 19 - March 20)**  
January will be a period of many changes for you. You will feel that there are no things that you can not overcome. Freedom will add you wings. More willingly than usual, you will meet people, talk to friends, and make plans for the development of your emotional life.
